Additional Firewood Permit Conditions

- DO NOT CUT STANDING TREES
- Cutting any mechanically felled tree is prohibited without written District approval.
- The use of a cat, skidder or similar heavy equipment is prohibited without written District approval.
- In areas designated on the firewood map as, "Cut Firewood ONLY IN ROAD PRISM," firewood may be cut from wood in roadway limits only (ie.: from top of the cut slope to toe of fill slope - see diagram) unless posted "No Firewood Cutting."
- Permit is not valid in any area that are posted "No Firewood Cutting," or "Timber Sale Area" (blue or yellow tagged/flagged areas).
- Firewood authorized for removal must be cut in lengths of 24" or less.
- Permittee shall be present during cutting, removal, and hauling.
- Load must be tagged prior to any hauling.
- Maps or other stipulations attached by the Forest service to permit, or signs posted in the area are terms and conditions of the permit.

Any violation of these conditions may invalidate the permit and result in appropriate legal action, including civil damages.

FIRE REQUIREMENTS

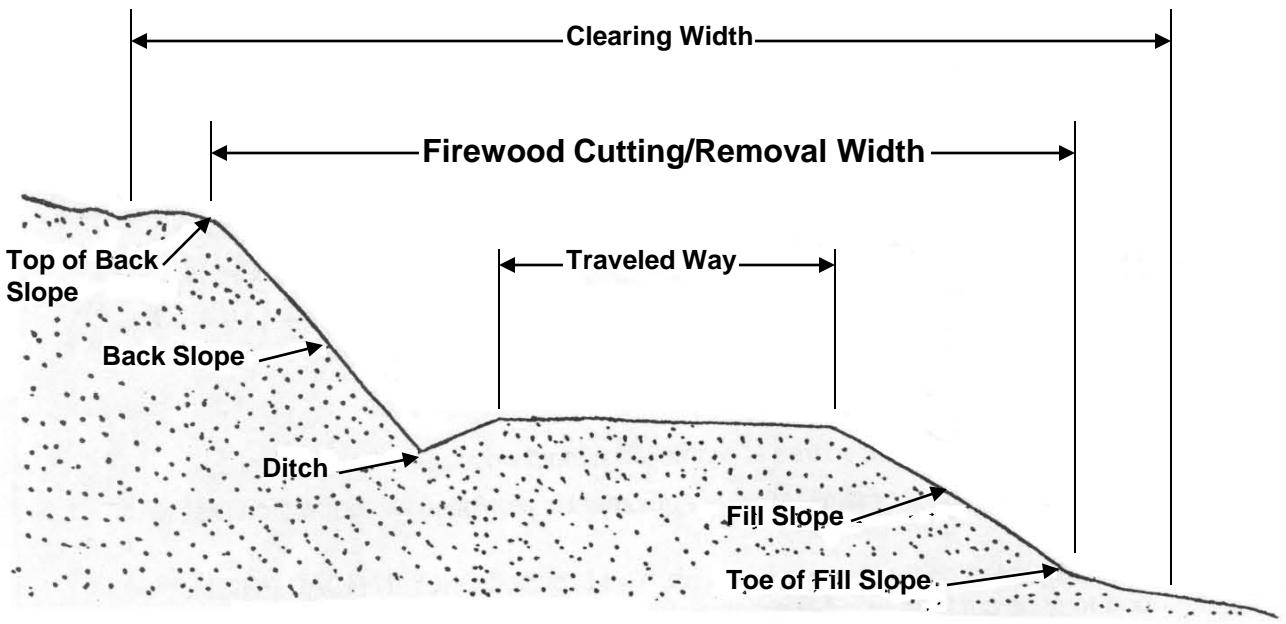

Fire Precautionary Season normally is from mid-April - mid -October.
Smoking is permitted only in areas cleared to mineral soil.

I	II	III	IV	FIRE PRECAUTION LEVELS & RESTRICTIONS
